Four women were traveling across the country. Each was from a different state: Idaho, Iowa, Florida and New York. Shortly after the trip began, the woman from Idaho started pulling potatoes from her bag and throwing them out the window. "What the heck are you doing?" demanded the woman from Iowa. "We have so many of these darn things in Idaho, I am just sick of looking at them. A moment later, the gal from Iowa began pulling ears of corn from her bag and tossing them out the window. "What are you doing that for?" asked the gal from Florida. "We have so many of these things in Iowa, I am just sick of looking at them!" Inspired, the gal from Florida opened the car door and pushed the New Yorker out.
