WE SERVE

Lions,

Please remember to bring non perishable food items to our meetings to benefit the Grand Island Neighbors Foundation's food pantry. Also we are still collecting used cell phones for Erie Co. Sheriff Deputy Joe Chuboda's domestic violence program.

We will soon have an ongoing fundraiser set up at Bottle Junction in the Grand Island Plaza where all returned can and bottle deposits (\$\$\$\$\$) will be credited to our club just by mentioning Grand Island Lions. Details and a photo op to be announced soon.

DRUGS AND THE
(developing)
TEENAGE BRAIN

EDUCATE YOURSELF.

"The teenage brain" - is there really such a thing? Did my child get skipped when they were giving them out? Yes and no. Every one of our children has a brain, they are just not quite finished developing yet. Learn about this work in progress and why it is so important to keep young people from experimenting with alcohol and other drugs until the brain reaches full maturity. Yes it will happen, and if you can hold on until it does, you will become that privileged parent who learns what it is like to be your child's best friend.

With your support, your child can learn to say NO!
